

AMENDMENTS TO THE SPECIFICATION

Page 11, amend paragraph 3 to read:

As shown in Fig. 2 or Figs. 4A to 4C, the press-fitting pin 3 for connecting and fixing the shield line 1 forms a notch portion 33 (hereinafter referred to as notch portion for shield line) that is angled to be capable of inserting the shield line 1 ~~to be~~ in a straight line ~~automatically~~ where the shield line is angled or inclined with respect to the cable C1, if the external film 6 is taken off to make a twisted line, in a slightly tilted manner from the edge portion at the base end.
